

Greetings SCPT Committee Member,

1. The Saskatchewan College of Physical Therapists (SCPT) 2016 Annual Report is now available. Please click [HERE](#) to access the report.
2. AGM 2017 is fast approaching. Please visit the AGM area of the website [HERE](#) for further information including the agenda and supporting documentation.
3. Brag 'n Steal sessions Agenda is now available and can be accessed on our website [HERE](#)
4. **NEW! The SCPT AGM will be live streamed by Continuing Physical Therapy Education so that more Saskatchewan Physical Therapists can join in this year for AGM!**

We encourage people who cannot attend in person to join via Web Ex! With this platform, you will be able to view the morning meeting as well as the afternoon Brag and Steal sessions which feature Saskatchewan physical therapy research and special interest topics.

In order to join via Web Ex, please send your interest to stacey.lovogrona@uask.ca prior to April 17, 2017. This will allow sufficient time to ensure you can get into the meeting room, as well as hear and communicate well so that you may ask questions and participate as needed.

If you have any questions about the Web Ex or associated process, please don't hesitate to contact Stacey at the email above, or by phone at 306-241-9545.

Please note: Web Ex access is a pilot project for the 2017 year and due to our current administrative bylaws, making, seconding, or voting on AGM meeting motions will not be permitted for those members who choose to access remotely. Dependent on interest from the membership the SCPT

may consider administrative bylaw amendments for future AGM's which would allow remote access voting. Although voting/making motions will not be possible, members accessing remotely will have an opportunity to ask questions and provide comments via the chat function which will be monitored throughout the morning and afternoon sessions.
