

25% RENEWAL ACHIEVED!

This is a tremendous start – thank-you. We are two weeks into renewal and over **25% of SCPT Members have renewed!**

IF YOU HAVE YET TO RENEW – DO IT NOW

The process is straightforward. However, some Members have encountered the occasional problem. It is better to encounter problems early. Renewing now will give you time to obtain any assistance that you may need from the SCPT office. If it is before 8:00 or after 3:30, Monday to Friday, please email sara@scpt.org. Target your renewal completion during the month of January.

NON-PRACTICING AND THE JURISPRUDENCE QUESTIONS

At Council on Saturday January 12, the decision was made that any non-practicing renewing from this point forward will be required to complete the jurisprudence questions. While they may not be practicing, it is essential non-practicing remain informed on jurisprudence.

2013 ANNUAL GENERAL MEETING
